Revised 2024

Maryland State

Athletic Directors

Association

MISSION STATEMENT

The mission of the Maryland State Athletic Directors' Association is to develop, enhance and promote the educational values of interscholastic athletics. The MSADA serves its members by providing resources to develop and enhance leadership skills and to offer opportunities for professional growth. Working under the direction of the National Interscholastic Athletic Administrators Association, the MSADA seeks to enhance the professional growth and development of current and aspiring athletic administrators in the State of Maryland.

STATEMENT OF PURPOSE

The Maryland State Athletic Directors' Association was founded in 1976 to provide a professional organization in Maryland for interscholastic athletic administrators. With a purpose of bringing together the public, private and parochial sectors, which make up the secondary schools in Maryland, the MSADA provides support for and leadership to the athletic administrators of its member schools.

Founded upon the framework of ethical standards, sportsmanship and the promotion of healthy competition for all student athletes, the MSADA has become one of the most highly respected professional organizations in the nation.

GOVERNING BODY

MSADA Executive Council

Executive Director, Assistant Executive Director

President, 1st Vice President, 2nd Vice President
